

---

*Potential Motorcycle Riders,*

*In order to align the 31 FW Motorcycle Safety Program with Air Force guidance: Effective 24 August 2017, all individuals wishing to register for any Motorcycle Safety training at Aviano AB must possess a valid motorcycle license, endorsement, or learners permit.*

*There are two Basic Ridercourse (BRC) classes in August that unlicensed riders can still sign up for. After these classes the 31 FW Safety office can no longer provide motorcycle safety courses to unlicensed riders. Registration for these courses can be done through the 31FW/SE SharePoint:*

*<https://portal.usafe.af.mil/sites/31FW/safetynew/SEG/SafetyTrainingRegistration/SitePages/Home.aspx>*

*In the future, all individuals wishing to ride a motorcycle overseas should obtain their Motorcycle License/endorsement/learners permit prior to PCS'ing overseas.*

*It is recommended sponsors pass this information on to inbound personnel.*

*Please contact the 31 FW Safety office with any questions.*
